East High-School Diploma

Attended: September 1998 - May 2001

Location: Des Moines, Iowa

Received High-School Diploma:

I had completed the course in 3 years, when it normally requires 4, since my credits were higher than most students'.

Also as a result of both my high credits and experience already working in the field of design, I was selected as the only student from my school to receive the scholarship of certified technical training at New Horizons Computer Learning Center.
